

8th September 2017

Dear Families,

Invitation to Medical Mavericks at Overton Grange

This year at Overton Grange we hope to offer an event for our primary feeder schools that will expose the students to the amazing world of medical and health science careers as part of our STEAMinions programme. To kick off the year with the must see event around the UK at the moment we have arranged for Medical Mavericks to visit Overton Grange and give students the opportunity to experience hands on activities that cover various areas of health sciences.

The event will be held on Tuesday 10 October 2017 from 4:00-4:30pm for primary school students in years 5 and 6 but due to demand there are only 25 places available. The session will cost £5 for each student and deadline for booking a place is Tuesday 19 September 2017.

Parents and carers will be required to drop their children off at Overton Grange at 3:30pm and collect them at 4:15pm from Reception. All students are expected to follow Overton Grange School and lab rules whilst on the site.

We hope this club will offer your child valuable enrichment as they prepare for secondary school as well as tap into their potential as effective scientists, engineers, technologists, artists and mathematicians.

We would be very grateful if you would sign the attendance slip overleaf and return it with £5 cash to the Reception at Overton Grange marked for the attention of Ms T Banda by Tuesday 19th September 2017.

Yours sincerely,

Ms T Banda
Primary Liaison and A Level Science Enrichment Co-ordinator
Overton Grange School

✂.....

My child from Devonshire Primary School will be attending Medical Mavericks with Miss Banda

Name of student:_____ Reg Group_____

Parent's Name:_____ Date/Signature:_____

As part of the club student's projects and videos will be posted on twitter and shared with STEM/STEAM organisations that fund the club. Please sign the consent note below to allow your child's picture to be taken.

Delete as appropriate

I **consent /do not consent** to my child's picture to be taken and shared on school/club twitter page and STEM/STEAM organisations.
