10th January 2019

Dear Parents/Carers,

Groundwork is a community charity and we are currently working with children at Devonshire delivering 6 workshops on the topic of food, supporting people to choose food that's good for them and good for the planet, and how food waste prevention can help London households save up to £800 a year.

Help support your child's learning by doing a piece of homework

We are offering up to **£75 vouchers** to parents and carers that opt in to keeping a food diary for 2 weeks. It doesn't matter how much food you waste, or what type of food you eat, it's a research project to learn about food and it's anonymous. To take part simply, fill in the form below and we'll send you a guidance pack. Please return your completed form to school with your child or give to the office by Friday 18th January. Alternatively, send me an email and I'll email you a pack.

This school project is part of a London wide programme called 'SMALL CHANGE, BIG DIFFERENCE' – look out for exciting food events happening in Sutton soon. You'll also be hearing from us about pupil-led food events coming up at Devonshire at the end of January that you'll all be invited to.

Please fill in the form below by 18th January.

With thanks,

Sarayu Shah

Yes, I'd like to do a food diary at home

I'd like to get involved in other ways

No I wouldn't like to take part
