11th January 2019

Dear Parent or Carer

Groundwork London will be embarking on some exciting food waste workshops that will involve your child. The workshops will take place in the classroom, playground and the school hall. These sessions will be full of interactive fun learning and covering topics such as healthy and sustainable eating, food waste prevention and food recycling. The activities include smoothie making, games, and designing a school campaign.

Groundwork London would like to take photographs and/or film footage of event participants. These photographs and film footage will be used in the promotion of Groundwork London, Groundwork UK and project partners including the funder: WRAP, LWARB, the EU project monitor NEEMO, the European Commission and executive agency EASME. Groundwork London and the third parties identified above will store the photos and/or film footage from this event for a period of five years from the date on this form. After this time the photos / film footage will be removed from their records. Any photos or film footage of children will not have their names linked to it.

Before your child appears in photographs or is filmed, we need your permission. Please tick the relevant box below, date the form and return it to the school. You may withdraw your consent at any time.

Yours sincerely

S Reddy

Mrs Reddy
Hazel class teacher

I consent to my child appearing in the photos or film footage at the campaign day and workshops as detailed in the letter sent home to parents/carers on 11th January 2019.

Child's Name: _____

Yes

No
