

The Week Ahead....

Week beginning 29th September 2025

We are beginning our topic - Magical Me. We will be looking in the mirror to see how we look and painting our self- portraits. We will be celebrating our similarities and differences.

Maths- This week, the children will take part in activities that draw attention to the purpose of counting - to find out 'how many' objects there are. They have used subitising to identify the number in a set; they will now develop their counting skills to enable them to identify how many there are in a set that cannot be subitised. This connects subitising and counting to cardinality whereby the last number in the count tells us 'how many' things there are altogether. They will also practise developing 1:1 correspondence, by counting numbers at the same time as moving or touching the objects.

Phonics- We will be learning 4 new sounds:

i - as in insect n - as in nut m - as in mouse g- as in goat

We will recap on last week's sounds s a t p

Please support your child to learn these sounds, and practise writing the letters using the rhymes on the alphabet sheet you were given.

Remember to come along to the phonics meeting on Monday 29th September.

Please ensure your child's clothes are named- it's very difficult to return unnamed items.

We hope you have been enjoying sharing library book at home. Library books need to be returned on a Friday.

If you have any questions, please ask your child's class teacher.
