

The Week Ahead...

Week beginning 1st December 2025

This week we will be learning about light and dark. We will listen to a story called 'How to catch a star' by Oliver Jeffers, and we will find out some facts about stars. We hope to come up with some of our own ingenious ways to catch a star. We plan to look at Van Gogh's painting 'Starry Night' and produce our own creative star pictures using different media. We will discuss different light sources and explore shadows. We will also continue to learn about nocturnal animals.

Phonics

This week we will be learning 4 new sounds:

sh as in shell th as in thumb ng as in ring nk as in pink

Two letters that make one sound are called digraphs.

We have some new tricky words: she push he of

PLEASE RETURN READING BOOKS AND LIBRARY BOOKS ON A FRIDAY

Maths

This week, the children will build on their understanding of the composition of numbers by investigating the composition of 3, 4 and 5. Composing and de-composing numbers involves the children investigating part-part-whole relations, e.g. seeing that 3 can be composed of 1 and 2. Through practical experience, they will consolidate their understanding of a whole being made up of smaller parts. They will begin to recognise that numbers can be made by combining parts in different ways.

We are practising hard for our show - please remember to send in your child's costume.

Show dates:

Wednesday 10th December at 9.00am

Thursday 11th December at 2.00pm

Mrs Attrill

Miss Cadman
