

The Week Ahead...

Week beginning 23rd March 2026

This week we will following up on our farm trip and doing writing and creative activities. We had an amazing day and were really proud of all our children. A big thank you to all the parent helpers.

We will be reading the Easter story and taking part in some fun Easter activities. We will be observing the signs of Spring and talking about new life eg lambs, chicks.

Phonics - It is our assessment week this week. We are very proud of the progress the children have made during the course of the year so far. We would encourage you to continue to read with your child at home regularly, and recap their phonics sounds and tricky words - your support at home makes a huge difference.

Maths - This week the children will be learning about 2-D and 3-D shapes. We will teach the children the names: sphere, cube, cuboid, pyramid, and dicuss the properties of the shape. We will go on a shape hunt to find these shapes. Have a look at home and see which shapes you can spot.

We break up for the Easter holidays on Friday at 1.20pm.
