

Week ahead

Week beginning 27/4

With the beautiful weather this week the children spent most of their time outside. The children have enjoyed planting a range of seeds and bulbs. They learnt the names of different parts of the plant.

We also had a trip to the woodland area. The children listened to a story and then found clues that were hidden amongst the trees. The children worked well in pairs and listened very well to the story.

This coming week we will be learning all about beans and beanstalks. We will be sharing the story Jasper's Beanstalk and Jack and the Beanstalk. The children will be thinking about what they might like to find at the top of their imaginary beanstalk. We will be looking at a range of beans to see similarities and differences. We will continue planting seeds to watch the plants grow. **Thank you so much to the parents who sent in plants, seeds and bulbs - we would still welcome some more if you are able to donate anything.**

The children will be having their class photo taken on either Tuesday 28th or Wednesday 29th, we will let you know the day before which day it will be.

Any questions please ask at either the beginning or end of the session.

Mrs Tickner, Mrs Love, Miss G and Miss Massey
