

Week ahead

Week beginning 18th May

The children have engaged in a variety of dinosaur activities this week. They used magnetic shapes to make dinosaurs, made fossils from salt dough, made repeating patterns with dinosaurs, learnt the difference between 2-legged and 4-legged dinosaurs and lots more!

The children will be having a visit from Tom's Talking reptiles, which should be a very interesting experience for the children. Thank you to the parents who have already paid, if you haven't done so already can you pay via parent pay, the instructions came home on a letter on Monday - if you have any queries please ask the office. Thank you.

Reminders: Please make sure books and games are returned to Nursery on MONDAY, please help us keep our maths games in tip-top shape by double-checking that all pieces and instructions are included when you return them. Having every bit back in the bag means the next child can enjoy the full experience. We appreciate your support!

If you have any questions, please ask at the beginning or end of the session - if you could wait until the other children are dropped off or collected it makes it easier to focus on answering your question.

Mrs Tickner, Mrs Love, Miss Massey and Miss G
