

## Week ahead

### Week beginning 1/6

This week we finished learning about dinosaurs and celebrated Bee Day, making and drawing bees. The children enjoyed Tom's talking reptiles, they waited patiently for their turn and held or stroked the different creatures if they wanted to.

For the next two weeks we will be learning about 'The Very Hungry Caterpillar'.

Some real, tiny caterpillars will be arriving in Nursery this week, they will be really, really tiny. We will be watching them grow over the next few weeks, we will watch them make their cocoons and will release them when they emerge as butterflies.

We will be learning about their life cycles, making repeating pattern caterpillars, threading leaves to make cocoons and balloon printing caterpillars too.

**Reminders: Please check your child's bookbag so that they aren't bringing in toys from home, or taking home items from Nursery.**

**Please make sure your child is not wearing jewellery or make up in line with the school's uniform policy.**

**We hope you enjoy half term and all the sunshine!**

If you have any questions please ask at the beginning or end of the session.

Mrs Tickner, Miss Massey, Miss G and Mrs Love
