

Week ahead

Week beginning 8/6

The children enjoyed a variety of activities relating to 'The very hungry caterpillar', this week they made playdough caterpillars, making pictures of the very hungry caterpillars, finding mini beasts in the outside area and role playing in our very own hungry caterpillar café. The café generated some superb language and encouraged turn taking and social skills. The children were also doing lots of mark making - early writing.

The children have made some amazing junk model mini beasts too.

Our tiny caterpillars arrived this week, they were just a few millimeters long when they arrived and they have already grown to be more than a centimeter.

We will be continuing our learning about 'The Very Hungry Caterpillar' this week. Our focus will now move to butterflies. We will be learning about life cycles, making symmetrical butterflies, repeating pattern caterpillars, plus some other shape related activities.

If you have any questions please ask at the beginning or end of the session.

Mrs Tickner, Miss Massey, Miss G and Mrs Love
