

The Week Ahead...

Week beginning 29.6.2026

Seaside

This week we are continuing our 'Under the Sea' topic and we will be learning about seashores. We will have some seaside role play, and look at pictures of the beach. We will talk about seaside past and present. Next week is 'Pirate Week' and we will end the week with dress up day on Friday 10th July - more details to follow.

Phonics

In phonics we will continue to practice chunking up longer words.

We will practise spotting tricky words in our story books and writing these words in sentences.

Maths

In maths we will continue to recap some of the concepts we have been learning this year. We will practise making pairs eg matching up pairs of socks. When they are in pairs, is there one left over? Do you have an odd number or an even number? (You could look at door numbers when you are out and about - are the odd numbers on one side of the road and the even numbers on the other side?)

We will practise our number bonds to 10 - how many different ways can you make 10? Eg 3+7 5+5 8+2

We will practise our double numbers and use the language 'more than' and 'fewer than'.

We will be making boats this week and would be grateful for empty boxes for junk modelling.
